

## Early Intervention/Early Childhood

PROFESSIONAL DEVELOPMENT COMMUNITY OF PRACTICE

### Resources Developed by Professional Development (PD) Providers for PD Providers

*The following resources were developed and shared by the Early Intervention-Early Childhood Professional Development Community of Practice (EI-EC PD CoP) prior to the formation of the [Division for Early Childhood \(DEC\) PD Community of Practice \(CoP\)](#). The materials are open access and free. Please cite the EI-EC PD CoP as the original source if materials are customized or adapted for individual or program use.*

- [Caregiver Coaching Crosswalk](#): This tool is designed to help early intervention professionals understand how language may be similar (and sometimes different) across three common EI/ECSE coaching frameworks/models.
- [EI Video Reflection Activity \(2020\)](#): This tool is designed to support those who lead, prepare, or supervise professionals to help facilitate early intervention practices using reflective questions and videos developed by Larry Edelman, Early Childhood Consultant.
- [Evidence Informed In-Service Professional Development Model](#): This document describes Dunst's (2015) key features of evidence-informed PD.
- [Evidence-Informed PD Reflection Activity](#): This activity includes materials to help design, deliver, and evaluate PD offerings using an evidence-informed approach.
- [Family/Professional Telehealth Stories](#): This resource includes audio clips from families and professionals regarding their lived experience with tele-intervention during and after the COVID 19 pandemic.
- [Shared Content](#): This page includes resources that have been shared by EI-EC PD CoP members to aid in the development and augmentation of materials to prepare, teach, train, and/or support EI/ECSE professionals.
- [Virtual Engagement Strategies](#): This document was designed for local level leaders/supervisors working to engage and support EI/ECSE professionals in virtual environments.
- [Virtual Reflection Activities](#): These activities can be used to promote discussions for virtual CoP meetings, staff meetings, etc.
